Professional Profile

Motivated graduate Front-End Developer with knowledge of HTML, CSS, JavaScript, JQuery, and React programming languages. Passion for learning and developing my knowledge in Software Development. I am an extremely motivated person and give my all to my work. I have fantastic organisation and communication skills which I have developed during my career as an Orthodontic Therapist.

I have worked in Dentistry for a little over 12 years where my communication skills have really excelled. Working with the general public and fellow members of staff in an intense setting has gained me with great confidence in communication, patience and the ability to prepare for the unexpected. My passion for Software Development has made me want to pursue this as a full time career therefore I have completed courses whilst working full time to make this happen.

Core Skills

- HTML
- CSS3
- JavaScript
- React

Career Summary

Code First Girls Data & SQL

Commencing March 27th 2023 - May 2023

edX Skills for life Front-End Development November 2022 - March 2023

Graduated March 2023

Whilst working full time I completed this bootcamp which involved 4 night classes 6pm-9am alongside at least 15 hours of coursework and self study per week. I gained a lot of knowledge in HTML, CSS, JavaScript, JQuery, React and GitHub. We had weekly assignments and challenges to complete. This bootcamp was incredibly intense, fast paced and extremely rewarding.
